## **Annual Report 2021**

---

## 1. Introduction

This document summarises the activities of the UNIDROIT Foundation in the year 2021, subdivided into the three thematic categories represented in the graph below.

## 2. Economic development

The Foundation's work on Economic Development consists of two substantive projects, which are now conducted under the auspices of the [Cape Town Convention Academic Project \(CTCAP\)](#), a joint partnership between UNIDROIT and the University of Cambridge, with the Aviation Working Group (AWG) as the Founding Sponsor. The UNIDROIT Foundation continues to support these projects.

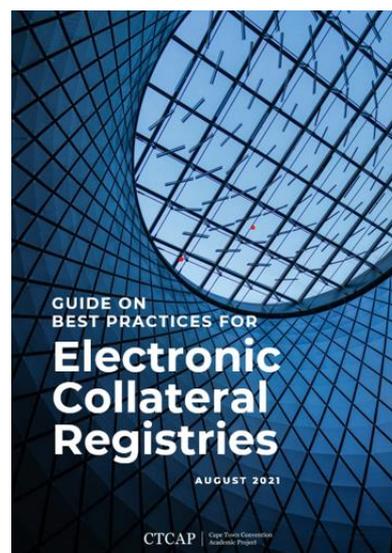

### A. [Best Practices in Electronic Registry Design and Operations](#)

The 'Best Practices in Electronic Registry Design and Operations' (hereinafter BPER) Project was started in 2015 as a partnership between the UNIDROIT Foundation and Harris Manchester College's Commercial Law Centre at Oxford University. The Global Business Law Institute at the University of Washington joined as a partner in 2017. The project has been fully funded by Aviareto.

The BPER project is a pioneering initiative on the international scene which identifies policy and technical best practices in the design and implementation of electronic registries. It aims at providing guidance to all parties creating, involved in, or using electronic systems, including in the e-business and e-commerce contexts. The project is closely tied to the Aircraft Protocol of the Cape Town Convention and its International Registry of Mobile Assets.

The year 2021 marked the finalisation of the first international guide developed through the BPER Project: The [launch of the Guide on Best Practices for Electronic Collateral Registries](#) was celebrated on Friday 24 September 2021 in Rome and on Zoom.

The Guide can be accessed free of cost electronically and purchased in hard copy here: <https://ctcap.org/best-practices-in-the-field-of-electronic-registry-design-and-operation/>.

Shortly after the launch of the Guide, on 28<sup>th</sup> September 2021, the BPER project group met for its [fifth workshop](#) in Cambridge and on Zoom, to shift the focus of the project on developing best practices for companies registries, with a focus on technology and modern developments in their design and operation.

## **B. Economic Assessment of International Commercial Law Reform**

The Economic Assessment of International Commercial Law Reform project (“**EA project**”) started in 2015 as a partnership between the UNIDROIT Foundation and Harris Manchester College’s Commercial Law Centre at Oxford University. The Global Business Law Institute at the University of Washington joined as a partner from 2017-2019.

In 2019, the project was brought within the ambit of the Cape Town Convention Academic Project (CTCAP), a joint initiative between the University of Cambridge and UNIDROIT, with the Aviation Working Group (AWG) as the Founding Sponsor. The UNIDROIT Foundation continues to support the Project.

The EA project is an inter-disciplinary project with involvement from national governments, international organisations, the private sector, legal scholars, and economists. It has three main objectives:

- To research, collect, and assess information relating to the production of economic benefits of international commercial law reform (hereinafter ICLR);
- To develop guidelines for governmental economic impact and cost-benefit analysis of ICLR;
- To produce a framework on the economic assessment of ICLR, which would be a resource for those involved in initiating, working on, or considering becoming a party to an ICLR instrument.

Following six workshops of the project group between 2016-2020, in light of the COVID-19 pandemic, it was decided to postpone the seventh workshop to 2022.

## **3. Education and Research**

The Foundation’s work on Education and Research comprises efforts towards supporting the UNIDROIT Library, UNIDROIT Internship and Research Scholarship Programme, and Promoting UNIDROIT Instruments.

### **A. Library Digitisation**

In 2021, the Foundation maintained the initiative to support the in-house digitisation of all copyright free material present in the UNIDROIT Library. However, due to a lack of funding the Foundation was unable to provide any financing to this initiative.

### **B. UNIDROIT Alumni Association**

The [UNIDROIT Alumni Association](#) was founded in 2020 as a platform for the distinguished guests which have been welcomed to UNIDROIT as part of its research scholarship, internship, and independent research programmes since 1993. The Association provides alumni an opportunity to network on a global scale and keep up to date with UNIDROIT news and events from across the world.

Members of the association receive a range of benefits, including quarterly newsletters with updates on the activities of UNIDROIT, notifications about upcoming events and conferences organised by UNIDROIT and its partners in different parts of the world, and access to closed groups on Facebook and LinkedIn where they can exchange with other members of the Association as well as with members of the UNIDROIT Secretariat.

The annual membership fee for the Association is 50 Euros for lawyers, jurists, academics, and others, and 25 Euros for young professionals and students (under the age of 35). Proceeds from the Association go towards supporting the UNIDROIT Internship and Research Scholarship Programme.

In 2021, the UNIDROIT Alumni Association has continued to grow. As of December 2021, the Association had 130 members.

### C. UNIDROIT Scholarship and Internship Programme

Since its establishment, the Foundation has donated over € 275,000 to UNIDROIT in support of its Research Scholarship and Internship Programme. This has largely been raised through the royalties received from the Official Commentaries to the Cape Town Convention and its Protocols by Sir Roy Goode, which he graciously donated to the Foundation.

In 2021, the Foundation raised over € 5,000 to support the UNIDROIT Scholarship and Internship Programme. This support includes the provision of funding for specialised internships:

- The [FELDENSADRUGA](#)-UNIDROIT Internship, which was launched in 2020 with support from a member of the Alumni Association, was renewed in 2021. Funded by the Brazilian law firm FELDENSADRUGA, this internship provided an opportunity to a Brazilian individual, Ms Liana Issa Lima, to conduct a three-month funded internship with the UNIDROIT Secretariat in Rome.
- The UNIDROIT-[United Rule of Law Appeal \(UROLA\)](#) International Commercial Law Internships supported one internship at UNIDROIT in 2021 through a donation to the Foundation. Ms Marija Marinovic (Montenegro) was selected for this internship. UROLA has indicated that it will support another internship in 2022, through a donation to the Foundation.
- UNIDROIT Alumni Association Grant: Through membership fees collected by the UNIDROIT Alumni Association, Ms Claudia Nyon was awarded a grant to conduct a funded internship with the UNIDROIT Secretariat in Rome in 2021. A short video on Ms Nyon's experience at UNIDROIT can be found [here](#).

### D. Promotion of UNIDROIT instruments

## **4. Cultural Heritage**

Since then, the Foundation is exploring at low priority how to potentially support UNIDROIT in this area of work in the future.

In 2021, the Foundation did not undertake activities or provide funding to support UNIDROIT's work in the field of cultural heritage.
